### WHAT CAN WE HELP WITH?

Our role is to work in partnership with families to ensure children have the best possible chance to make full use of the educational opportunities in school. We can offer support on a range of issues which might affect you and your children and can also sign post parents to other services outside of the school which may be of help. We can offer a listening ear and if you have concerns that need to be addressed, we can make sure that any information is shared and dealt with confidentially for the benefit of your child. We can offer advice and support with; behaviour difficulties, school refusal, bereavement, advice in financial difficulties, advice on housing, anxieties, worries, safeguarding concerns and much more.
