Dear parents and carers,

Re: School Development Plan Parent Feedback

As a school we value feedback from everyone in our school community. We regularly carry out pupil voice sessions to ask what the pupils think about specific aspects of the school. We ask staff about specific aspects in staff meetings and through surveys. We also ask parents about the school in our parents' surveys as well as through our digital suggestion box.

Feedback from all members of our school community is discussed by members of the Extended Leadership Team and helps us to shape our plans for future developments.

As a school we plan areas we wish to develop in the next school year. We look at all aspects of the school and how we can improve on our provision even further. Again, we consider pupil feedback, staff and Governor feedback and feedback from parents across the year to help to formulate our School Development Plan.

This year we would like to gather feedback from parents to help us formulate our next School Development Plan. We welcome positive comments so that we know what is working and do not change it. We also welcome constructive feedback and suggestions of areas to look at developing further next year.

Unfortunately, we will not be able to respond to individual comments or feedback but we will consider all constructive comments. As we expect to get a wide range of suggestions we will not be able to include all of them but we may prioritise some for this year and then add other suggestions into the 2024-25 Development Plan.

In order to complete the survey, please follow the link below
