Dear parents and families,

Re: Website changes

As always we take on board your feedback and review our procedures and information. I am delighted to let you know that we have completed work on our website to make it easier for you to find the information you need.

We have actioned the following for your ease;

- Added a tab for **'Search'** function - which allows you to search for information such as a word or a page
- Added **'Quick links...'** to the top of the home page – these are based on your most viewed pages
- Added a **link to our 'Contact us'** information in the header of the home page 
- Added a **link to the office email** in the header of the home page 
- Added a **search** function on the **'Communications and Letters'** page
- Reduced the number of tabs & organised **'Statutory Information'** into a separate tab
- Moved specialised content into the **'Parent'** section for your ease such as **WOW club, school lunches, newsletters, admissions** etc (please see the screenshot below)
- Combined the **Newsletters**; Harding Herald, Online and Wellbeing newsletters are all in the same place
- Ensured the website is easily viewed on **mobile devices**

The office team are currently working to increase the number of pages with **'google translator'** on to support all our families who speak languages other than English. Please see below the screenshots of our website and where you will now find school information.
